PRESIDENT'S MESSAGE

Things are looking good at Bills Island. The reservoir is full, the snow is gone, the grass is green, the weather is warm, and the roads are smooth. Dust guard will be applied to the roads next week. The 4th of July activities are planned. We hope you will plan on joining us for the festivities. See the enclosed flyer for details. It will be a full day of fun! It is a great opportunity to meet and visit with all of you. A lot of work and preparations go into these activities. I hope you will participate and enjoy the day. The board tries to make Bills Island a place you can be proud of. We appreciate all the members for their help and support of the projects. Brent Call-BIA president

Bylaws: The existing bylaws are out of date. The board will be working to bring them up to date. If you would like to serve on a committee for this project, please let one of the board members know or contact us via the association website. If you have ideas or opinions regarding these bylaws, contact us as well.

Resolution: The board has recorded a resolution regarding the new shop. The complete resolution is listed on the other side of this sheet.

Speed bumps: Speed bumps have been placed around the island. Please watch for them. Remind your guests that they need to slow down when going over them. Signs have been placed to warn you of these bumps.

Gate entry: The phone system for gate entry is working great. This system allows you to open the gate from your phone. It is available for all members who have paid their dues. If you are not registered to use this system, contact Con Haycock at (208)431-0835.
